## CITY COSTS SLASHED TO CUT TAXES

Drastic Reductions in Civic  
Expenses Prevent Soaring  
Levy

Great Reduction in General  
Revenues Marks City's  
Finances

Expenditures of Victoria City for 1923 have been pruned to \$129,989 below the expenditures of 1922, yet the City Council has been compelled to increase the tax rate by three mills.

This condition has caused many ratepayers to request City Treasurer Smith to explain the situation. Thousands of tax bills are now being distributed and the increase in the levy from 35 mills, effective in 1922, to 41 mills for the current year, has caused considerable comment, Mr. Smith finds.

"This increase is in part due to the lack of a cash surplus from last year," Mr. Smith stated today. "The 1922 rate was made possible because the city started this year with nearly \$100,000 cash in the bank. To be exact, \$98,000 was on hand to aid the 1922 council to strike a low rate.

LAND REVENUE DOWN  
"Another factor of importance is the smaller revenue earned last year from land sales, and available to the council of the following year. The 1922 council was in a favored position, as compared with the present council.

"A third item of importance is found in the heavy deficit of unpaid accounts which the 1922 council inherited. This was a first charge on the current year.

CAUTIOUS ESTIMATES  
"A shortage of \$236,120 exists between the receipts from sources other than taxes estimated for this year as compared with the estimates of 1922, when this source of income was expected to produce \$1,111,524. This year these headings show an expectation of only \$875,383," said Mr. Smith.

EXPENDITURES PRUNED  
The council has met this financial problem in great part by a ruthless reduction in expenditures. No less than \$129,989 has been cut from the civic expenses, all sections of the budget showing reductions.

HEAVY CUTS MADE  
General expenses, controllable by the council, have been cut by \$52,110, and stand at \$1,012,272 for this year as compared with \$1,064,382 in 1922.

Debt requirements are \$69,553 below the needs of 1922, while \$904,262 was absorbed by interest, sinking funds and redemptions. This year the city will devote \$894,815 to debt service.

The School Board has aided in the campaign for economy, reducing its requirements by \$7,519. The schools will this year cost \$478,959, compared with \$483,278 in 1922.

The Police Commission found their estimates could only be held to the 1922 figures, because of pension and other new factors, but this department also shows a saving of \$6 in its estimates, the cost being set at \$102,070 for the year compared with the actual expense of \$102,078 in 1922.

In all, the City of Victoria this year will spend \$1,012,272, a saving of \$102,078 over the 1922 expenditure of \$1,114,350.

INCREASE MODIFIED  
The taxpayers are therefore called upon to provide for this year \$1,069,385, as compared with the 1922 levy of \$1,002,581. Had the civic expenses been maintained at the level of 1922, the ratepayers would have had to provide \$1,738,721.

## JAPAN DEBATES NEW NAVY PLAN

Details of British-French  
Agreement are Unofficially  
Reported in Tokyo

Tokyo, Aug. 8.—Japanese naval authorities are reported to have hinted that the new British-French naval agreement makes these provisions:

First—Cruisers shall be divided into two classes, those armed with guns over six inches and those with guns under six inches.

Second—Restriction of the gross tonnage of destroyers, the size of which must not exceed 1,800 tons.

Third—Restriction of the gross tonnage of submarines over 600 tons, the size of which must not exceed 1,800 tons.

Fourth—No restriction to be placed on war craft under 500 tons.

DISCUSSION SECRET  
When asked to confirm the forecast, the official naval spokesman stated certain parts were correct while others were incorrect. As the details of the agreement were confidential, he was unable to say which were right and which were wrong. He intimated, however, that the restriction of the size of submarines up to 1,800 tons was incorrect.

The spokesman stated Japan was considering the matter and he intimated the authorities were in general accord with the agreement, although they thought it doubtful if the United States would concur.

Expressing his personal opinion, the spokesman added the matter probably would be referred to the League of Nations. Afterwards, he thought, it was possible the Washington naval treaty powers would call another conference to consider the points raised.

## CANADA SPENDING MUCH TO BRING BRITISH SETTLERS

Davidson, Sask., Aug. 8.—The government of Canada is spending \$16.71 for every immigrant secured from the British Isles, while the amount paid to secure continental European immigrants is only eleven cents apiece.

In giving this information to the large audience he addressed here yesterday afternoon, Premier King said the figures should be an answer to any charge that Canada was discouraging British immigration.

## JURY TRIAL IS MANSON ORDER

Attorney-General Issues Fiat  
in Opium Smuggling Case  
at Nanaimo

Nanaimo, Aug. 8.—Hon. A. M. Manson, Attorney-General, has issued a fiat that Ching Ming King, accused of unlawfully importing opium into Canada, shall be tried by a jury.

The case arose out of the seizure of \$144,000 worth of opium by customs officials here on July 25. The accused, who is known locally as Lun Mow, was released on bail of \$20,000.

## COTTON MARKET JUMPS IN U.S.

New York, Aug. 8.—The United States Government's cotton crop report placing the condition at 67.9 and the indicated yield at 14,291,000 bales, followed by a jump of about 100 to 165 points in the cotton market here today.

## OLD COPPER MINE IS FOUND ON ISLAND IN LAKE SUPERIOR

Ile Royal, Mich., Aug. 8.—An ancient copper mine, believed to have been worked by Indians perhaps a thousand years ago, has been discovered by archaeologists now exploring Isle Royal.

Ile Royal is in Lake Superior, south of Port Arthur and Port William.

## COMPULSORY ARBITRATION IS CANADA'S GENEVA PLAN

Ottawa, Aug. 8.—The Canadian representatives at the coming sessions of the League of Nations in Geneva are expected to take a stand in favor of compulsory arbitration of international disputes. The definite line to be taken has not yet been finally determined, but Cabinet discussions are in prospect when Premier King returns from the prairies.

It is regarded here as practically certain disarmament and arbitration will be the chief subjects at the sessions of the League Assembly. The principle of international arbitration has been favored by Canada all through previous discussions at League meetings.

When the Geneva protocol was rejected it was made clear the Canadian Government was not rejecting the principle of arbitration.

Davidson, Sask., Aug. 8.—"Judged by almost every criterion that can be applied, the prosperity of Canada is almost unprecedented in its history."

This is a statement made by Rt. Hon. W. L. Mackenzie King, Prime Minister of Canada, on the ninth anniversary of his selection as leader of the Liberal Party of the Dominion.

"Look in what direction you will, the signs of progress are everywhere evident throughout the length and breadth of Canada," Mr. King told a great Saskatchewan audience here yesterday afternoon. Even the decline in our favorable trade balance, of which so much has been heard lately, only shows that outside capital is eagerly entering this country in order to reap its share of the profits which are being secured through the development of the natural resources of this great Dominion.

Standing on the shore of Long Lake, in which constituency he was speaking, the Prime Minister once more sounded his slogan of Unity, Prosperity and Progress.

PRIME MINISTER SPEAKS  
Hon. J. G. Gardiner, Premier of Saskatchewan, and J. Fred Johnston, Deputy Speaker of the Commons, who represents the Long Lake constituency in the House, also addressed the audience.

## PARK GIFT TO PREMIER KING

Saskatchewan People Build  
Cabin in New National  
Park For Leader

Prince Albert, Sask., Aug. 8.—The opening of the Prince Albert National Park next Friday will be marked by a gift to Premier King in which different parts of the Province of Saskatchewan are participating. Mr. King is to be presented with a cabin in the park, which will be furnished for him to occupy. He will occupy the cabin for the first time on Friday night, according to present plans.

Mr. King's supporters and admirers in different parts of the province have united to bear the cost of furnishing the cabin, which will be given him for his own use.

GUEST AT LUNCHEON  
Prince Albert, Sask., Aug. 8.—Premier King arrived here today for a brief visit to his constituency.

The programme which has been arranged for the Premier during the three days of his stay is a busy one. To-day, after an informal luncheon at which he will be the guest, Mr. King will motor about seventy miles to Blaine Lake, where he will deliver an address. From there he will go to Shell Brook, where he will be the guest of honor at a dinner and reception.

To-morrow Premier King will lay the cornerstone of the new post office at Rosetown and on Friday he will go north to open the new Prince Albert National Park.

His departure for Ottawa is set for Saturday morning.

## ARMORED CAR IS ROBBED OF BIG PAYROLL

Bandits in St. Paul, Minn.,  
Use Gas Against Guards  
Thugs Take \$20,000 in Bags  
and Escape in Two Autos

St. Paul, Minn., Aug. 8.—Four bandits held up an armored money car here to-day, hurled gas bombs into the interior, disabling the guards, and escaped with \$20,000.

The holdup was carried out about a mile from the city limits, where the armored car, operated by a private detective agency, was carrying payrolls for packing plants.

Six men in the armored car, including the driver, were overcome by the bombs which the bandits threw into the machine through the loopholes after forcing the money car to the curb.

Under the menace of the bandits' guns, the occupants of the armored car were forced to open the doors and the bandits seized the money bags and fled in two automobiles.

## Japan Sends To China Sharp Warning Treaty Must Not Be Abrogated

Tokio, Aug. 8.—Japan to-day told the Nationalist Government at Nanking, China, that unless it foregoes its abrogation of the commercial treaty between the countries and maintains the extra-territorial rights of Japanese citizens in China, the Japanese Government "may be obliged to take suitable measures to safeguard its rights and interests."

AL SMITH IS  
URGED TO JOIN  
DEBATE SERIES

Rev. Dr. Straton of New York  
Challenges U.S. Presidential  
Candidate to Tour South

New York, Aug. 8.—If Governor Al Smith of New York, Democratic candidate for the Presidency of the United States, accepts the suggestion of Rev. Dr. John Roach Straton, he will tour the southern states and engage in a series of debates on public questions before audiences with Dr. Straton.

The clergyman made this suggestion in announcing he would accept the challenge of Governor Smith, to debate in the Governor's presence his charge made in a sermon last Sunday, that the presidential candidate "is the deadliest foe in America to-day of the forces of moral progress and pure political wisdom."

Governor Smith, in a caustic letter to Dr. Straton, requested, "in a spirit of American fair play," that he be invited to the clergyman's church and given an opportunity to be heard on this side of the question. Dr. Straton might put to him regarding his public career.

ALBANY, N.Y., Aug. 8.—Demanding proof of the charge and the right to reply, Governor Smith has taken Rev. Dr. Roach Straton to task for the charge made in a sermon last Sunday, that the presidential candidate "is the deadliest foe in America to-day of the forces of moral progress and pure political wisdom."

Governor Smith, in a caustic letter to Dr. Straton, requested, "in a spirit of American fair play," that he be invited to the clergyman's church and given an opportunity to be heard on this side of the question. Dr. Straton might put to him regarding his public career.

SETTLEMENT ENDS  
NANKING AFFAIR

Shanghai, Aug. 8.—A settlement between the Nationalist Government of China and the British Government has been reached on the Nanking incident of 1927.

A representative of the Nanking Government and Sir Sidney Barton, British consul-general, who negotiated the agreement, will go to Nanking, where the settlement will be signed to-morrow.

## D.C. MACDONALD, WINNIPEG, DIES

Last Surviving Son of A.  
Macdonald, Wholesale  
Grocery Leader, Dies

Winnipeg, Aug. 8.—Duncan C. Macdonald, vice-president of Macdonald Consolidated Limited, died here to-day after a lingering illness.

Mr. Macdonald was the last surviving son of Alexander Macdonald, pioneer wholesale grocery of Winnipeg. The latter, who is eighty-four years old, has been confined to his bed for the last three weeks.

He has not been informed of his son's death.

The Macdonald family is one of the best known in Western Canada, the elder member having settled in Winnipeg in 1870.

He established a small grocery business out of which has grown an organization which to-day stretches from Port Arthur, Ont., to Victoria, B.C.

Levine Purchases  
Plane in Germany

Dessau, Germany, Aug. 8.—Charles A. Levine, first transatlantic aeroplane passenger, has purchased a Junkers aeroplane of the Bremen type for 100,000 marks (about \$25,850) for delivery next week in Dessau.

## INSISTS ON TREATY RIGHTS IN CHINA FOR JAPANESE

BARON TANAKA  
Premier and Minister of Foreign  
Affairs of Japan

Special to The Times  
Cumberland, Aug. 8.—The Cumberland Board of Trade has passed a resolution which will be forwarded to Dr. S. F. Tolmie, as leader of British Columbia's new Government, urging the desirability of giving Cabinet representation to the Northern part of Vancouver Island.

The resolution advocates the claims of Dr. G. K. MacNaughton.

At an executive meeting of the council on Saturday last lengthy debate preceded the passing of the resolution. The Courtesy-Comox Board of Trade had previously gone on record as favoring such a move and advanced Dr. MacNaughton's name as the logical man for office.

## MAN HELD ON ARSON CHARGE

George Smith Arraigned, Following  
Burning of Automobile

George Smith, 3389 Whittaker Street, was charged in the Saanich Police Court to-day with arson, following the discovery of his automobile badly burned.

He appeared before Magistrate Jay and a second charge, that of wilful damage to property, was dropped by E. L. Tait, prosecutor. Smith entered no plea, as he has not yet elected. He was remanded until Wednesday next by His Honor on agreement of counsel, R. C. Lowe, appearing for the defendant, and was released on bail.

On Wednesday, before Magistrate Jay, whose jurisdiction is extended in this case because Smith was arrested in Victoria, the accused will stand trial. The case will proceed then, it is expected, though it may be only in the form of a preliminary hearing.

CAR IN STREAM  
Smith was arrested yesterday afternoon. On Monday night his automobile was reported stolen, and was discovered burning in a Colquhoun stream. Officers took him into custody the next day, after an investigation had been made.

Bail was fixed this morning at \$4,000 in two sureties.

## EXPERTS SEEK AIR PORT SITE

Major A. T. Cowley Recommends  
Sea Island or Burrard  
Inlet Vancouver Locations

Vancouver, Aug. 8.—The Vancouver air harbor probably will be built either on Sea Island, or on the north shore of Burrard Inlet, a short distance above the Second Narrows.

After examining nine possible sites in company with a party of experts, Major A. T. Cowley, Director of Civil Aviation in Canada, recommended either of the above two, as suitable when he spoke at a meeting of civic representatives, reeves of Mainland municipalities and air officials, held in the City Hall to-day.

## ENTRIES CLOSE SATURDAY NIGHT

Entries for the Provincial Exhibition at the Willows will close at 6 o'clock on Saturday evening, August 11, Secretary W. H. Mearns stated this morning. "It will take the efforts of a large staff for the whole of the following week to get the thousands of entries properly organized," he said.

At the exhibition, of interest to the sheep raisers of British Columbia, will be hand sheep shearing contests for the championship of the Province. A large number of entries is expected for this feature, which will be staged at a time and location to be announced later.

Live stock exhibitors will be addressed by Hon. S. F. Tolmie, Premier-designate, at the annual banquet tendered live stock breeders by the British Columbia Agricultural Association on Friday, August 24.

## Messages From Three Sections of East Coast of Peninsula Put Property Damage at \$5,000,000; From There Storm Moves Across South Central District of State; No Deaths Reported

Jacksonville, Fla., Aug. 8.—Untold property damage has been left in the wake of the tropical storm believed to be sweeping south central Florida after lashing east coast cities last night.

First direct reports from Fort Pierce, Vero Beach and Stuart on the middle east coast, estimated the property damage at \$5,000,000, with scores of houses unroofed, crops laid waste and public utilities crippled.

Edward A. Menninger, Associated Press member for The Stuart News, drove seventy-five miles to bring the first news to the outside world. He said there had been no deaths as far as he knew, and few, if any, had been injured.

Meanwhile, a wide area west of the coast cities affected was isolated and nothing definite was known as to the movement of the storm.

SHIPS IN HARBORS  
Gale warnings were out at Tampa and along the Gulf of Mexico as far north as Apalachicola. Winds of forty to fifty miles velocity were predicted for Tampa, and shipping held to the harbor.

Fears were felt for the safety of citrus orchards in south central Florida, which apparently was in the path of the storm.

Reports from Sebastian, which is midway between Melbourne and Vero Beach, said the hurricane had attained a velocity of 100 miles an hour early to-day.

Other towns reported winds of fifty to eighty miles.

TRAVELERS DELAYED  
T. R. Gill, Associated Press correspondent at Jacksonville, who was aboard the southbound Havana Special of the Florida East Coast Railway last night, sent word that the train had been held all night three miles north of Jupiter, where the wind had reached eighty to ninety miles an hour. The train reached West Palm Beach at daybreak, normally due at Miami shortly after 2 a.m.

The Mallory liner Algonquin, after losing her bearings last night in the terrible storm, was sighted by the hurricane, was reported safely riding out the storm to-day. There are 300 passengers aboard.

No report came from the steamer Lempius, which was crippled by the storm last night, but she was assumed to be safe, since the steamer Castilla stood by for a possible emergency.

A freight train was isolated somewhere on the stricken east coast, but little anxiety was felt for the crew, railway officials believing the train may have been marooned by a washout.

## THOUSANDS IN CEREMONY AT BATTLE SCENE

Prince of Wales and Other  
British Leaders Share in  
Event in Belgium

Ypres, Belgium, Aug. 8.—Eleven thousand British veterans of the Great War, including 3,000 women who served in various capacities during those four terrible years, gathered about Menin Gate to-day for a solemn ceremony in commemoration of their comrades who fell in the Ypres salient.

Among them stood the Prince of Wales, Countess Haig, widow of Field Marshal Earl Haig, Admiral Earl Jellicoe, president of the British Legion, who headed Britain's naval forces in the great struggle, and other commanders who bore a share in the Battle of Ypres.

The pilgrims had come, some marching along the familiar roads and others by train, their numbers swelled by thousands who had gathered to witness the ceremony, until it was estimated that nearly 20,000 men, women and children joined in singing the opening hymn, "O Valiant Hearts."

The service in which this great congregation participated was beautifully simple and supremely impressive.

## Art Exhibition Will Be Feature At Fair

Great interest is centred on the forthcoming art exhibition to be held at the Willows fair. Messrs. Bamford and MacMillan are staging a fine collection of works by the members of the Arts and Crafts Society. Artists may rest assured of having pictures shown to the best advantage. Mr. Christison, Shawnaigan Lake, is beating up pictures for the loan collection, and so far his efforts are meeting with success, even having received some entries from Seattle.

It is just possible there may be some pictures of great value which the swains are not aware of, and an exhibition of this class will bring them to light.

Expert advice regarding value and authenticity of the artist will be given.

### 21,000 Defendants In Trial in Poland

Rzeszow, Poland, Aug. 8.—Twelve special trains were needed yesterday to convey to their trial 21,000 defendants in a bankruptcy suit. They were members of the Nuts, a co-operative society of Cracow, which failed. Manufacturers and wholesalers who had sold supplies to the society held each mem-

ber of it separately responsible for the debts.

The trial was held in the open air on the parade grounds adjoining the barracks of the local sapper regiment. An immense wooden stand had been erected for the judges and attorneys, while the 21,000 defendants were accommodated on forty rows of wooden benches, each row 200 yards long. Numerous megaphones and sound amplifiers had been installed to make the testimony and speeches audible to all. Officials in charge of the unwieldy proceedings were fearful lest demon-

strations by the defendants should disrupt the trial.

#### TEST VARIETY OF MATERIALS

The great testing machines used in the Forest Products Laboratories, Department of the Interior, Canada, are available to manufacturers generally for testing materials other than wood. Among the materials recently tested are such miscellaneous articles as steel bars, wire and hemp rope, boom chains and concrete.

### ANCIENT TOWN FOUND IN PERU

Ruins of Inca City on Mountain Seen; Not Yet Visited By White Men

Lima, Peru, Aug. 8.—Discovery of an Inca city where no white man is ever known to have set foot is reported in a telegram from the prefect of the department of Cuzco to President Leguia. The lost city was discovered accidentally by a scientific expedition exploring the town of Machupiccho, which was found sixteen years ago by a group of Peruvian and United States scientists. The present expedition was organized by the Cuzco authorities under the patronage of President Leguia.

SEEN WITH GLASSES  
One of the explorers was in a place called Intihuatana, which was an Inca astronomical observatory. From one of the windows of the room he saw with a pair of binoculars on top of Tushupiccho Mountain the walls and platforms of another town, the existence of which was not known. It was thought probable no white man had ever set foot there since the mountain is surrounded by a deep ravine, and its sides appeared to be extremely steep for scaling without careful preparation.

WILL CLIMB TO TOWN  
Some of the explorers returned to Cuzco, while others remained at Machupiccho, and they may try to reach the newly discovered town.

This, they said, disappeared at the same time the Inca Empire was wrecked when the appearance of the Spanish conquerors fulfilled the prophecy of Inca priests that a day would come when white bearded men riding four-footed monsters would conquer the Sun Empire.

RUINS OF PALACE  
Machupiccho was discovered sixteen years ago by Hiram Bingham, now United States Senator from Connecticut, who was then exploring the Ollantayambo Valley under the auspices of Yale University. He was searching for the ruins of the Cloaciquirado Palace, where the Inca ruler Huayna Capac took refuge after a rebellion against the Spanish conqueror. Choquespino has attracted the attention of many scientists and explorers because of its Inca name which means golden cradle, and because it was thought the last direct successor of the Inca had hidden his fabulous wealth there. While Mr. Bingham was climbing a steep hillside in the Urubamba canyon he unexpectedly discovered Machupiccho, which had been hidden by a dense jungle for centuries.

The Cuzco authorities reported that after opening new roads through the tropical jungle the Peruvian exploring party arrived at Machupiccho. They found the town to be of the Megalithic period, and one of the most wonderful examples of Inca grandeur in its imposing solitude among the high and snow-capped mountains.

BIGGEST SEAPLANE TESTED

### VANCOUVER K.K.K. MAN IS HUNTED

Woman Asks Police Protection Against Man-Threatening Loss of Her Home

Vancouver, Aug. 8.—Threats have been made by an officer of the Ku Klux Klan against Mrs. Gruber, Howe Street, Vancouver, unless she evicts a woman tenant of whom the Klan evidently disapproves she will suffer, according to a complaint lodged at police headquarters by the threatened woman.

"You will suffer and lose your home" was the warning given by a man who is alleged to have telephoned Mrs. Gruber several times this week, insisting she evict one of her tenants within four days.

The man, Mrs. Gruber states, tells her every time he telephones that he is an officer of the Ku Klux Klan.

Mrs. Gruber, stating she saw no reason why the woman should be thrown out of the house, appealed to the police for protection.

### Canada Demands Best Men as Settlers, Says London Paper

London, Aug. 8.—Discussing the assertion credited to Rt. Hon. Ramsay MacDonald, ex-Premier of Great Britain, in Quebec, a couple of days ago, to the effect that Canada wanted only the cream in immigrants, The London Evening News yesterday said: "What face the Canadians would be if they welcomed derelicts we might pass over, despite the fact that all of Canada save the fortunately well-populated sections of Lower Ontario and a strip of the British Columbia coast, is a country fit mainly for heroes to live in. Our Canadian brothers would not wish us to stress this point too strongly, but we may say without hurting sensitive feelings that the hardy Scot from the Orkneys or Western Isles has a better chance of becoming one of Canada's leading citizens than a product of some town slum."

"Canada's answer to MacDonald will be, 'Keep your derelicts, or better still, stop them from becoming derelicts,'" the newspaper concluded.

### Vancover By-law Is to Grade Dairies

Vancouver, Aug. 8.—Advocating that city dairies be graded on the basis of quality of the milk produced as well as on equipment, J. P. C. B. Vance, Vancouver, city analyst, outlined the new city health by-law when he testified at the Vancouver milk inquiry yesterday afternoon. Regular publication of the scores would be one of the main features of the proposal, the witness declared. He pointed out that if the consuming public were aware of the grading, dairies which distributed milk, and if this grading were based on the all-round quality of the milk instead of merely on the butterfat content and the farm equipment, then many causes of discontent in the dairying industry would automatically right themselves.

### CANADA MUST GUARD TRADE

Nation's Exports Should Be Kept at High Standard, Says Trade Commissioner

Belgium, because of its own dense population and because through it and beyond the European markets which may be cultivated, is one of Canada's most important trade fields across the Atlantic, according to Jean J. Guay, Canadian Trade Commissioner. Mr. Guay's field is in Belgium.

Through Belgium pours a great funnel trade for trans-shipment, and through the Netherlands also, much of Canada's produce goes to Central Europe, Mr. Guay states. For that reason the Dominion Government has established trade commissioner's headquarters at Brussels and Rotterdam.

BIG PURCHASE  
Belgium is a big purchaser of grain, lumber, salmon and other exports from Canada's Pacific Coast.

Mr. Guay contends that the maintenance of a high standard of quality is the biggest factor in developing foreign commerce.

Lumber is sold through English brokers, chiefly, irrespective of the country of its origin, where European buyers are concerned says Mr. Guay. Special attention is given by those brokers to the particular needs of the country to which they sell. The Canadian lumber exporters do no grade their lumber as precisely as is the case in Europe and for that reason most of their lumber is graded a second time before it is disposed of in European markets, Mr. Guay points out.

Salmon, because it is cheap, is used very extensively in Belgium, Mr. Guay states. Mr. Guay points out, is one of the cheapest countries in the world in which to live.

CARE NEEDED  
Canada's grain trade requires greater attention. Particularly, says Mr. Guay, the grain which is routed through the tropical seas. It should be most carefully graded. He has seen, he said, tough wheat which has sprouted through being shipped in bad condition. This sort of thing hurts Canada's overseas trade, he contended.

The wheat-consuming countries of Europe had to be assured carefully into an appreciation of the merits of Canadian wheat or else Canada would lose much of that trade to Russia, he declared.

In addition to his work in Belgium, Mr. Guay has charge of Canadian trade in Bulgaria, Roumania and Hungary. He intends to visit these countries and will investigate opportunities for Canadian trade expansion there this winter, he says.

Mr. Guay has been consulting with local business men and gathering data on production from the sources of export on this coast.

### Harvest Excursion Plans Are Announced

Ottawa, Aug. 8.—A statement issued yesterday by the Department of Immigration and Colonization said satisfactory arrangements had been completed by the British Government for the movement of harvest help from the British Isles to the wheat fields of Western Canada.

The movement will be under the direction of the British Government, the Canadian National Railways and the Canadian Pacific Railway. The two railways will be responsible for placing the men in harvest employment on their arrival on the prairies from Great Britain, and the Federal and Provincial Governments will co-operate with the railways in placing these harvesters in winter farm employment in Canada after the harvest work is over.

Satisfactory arrangements, it is stated, have been made for the return fare of those harvesters for whom winter farm employment cannot be found.

## THE NEW K.C.'S

IT WILL BE NOTED WITH SATISFACTION that Attorney-General, Manson in appointing nine prominent British Columbia lawyers as King's Counsel has not permitted political bias to influence his choice. Victoria will be especially gratified that Mr. W. C. Moreby, for many years prominently identified with the legal profession in this city, has been among the recipients of this distinction. As senior member of the Law Society of the Province and past president of the local association, a practitioner here for a quarter of a century, popular with his colleagues at the bar and public alike, Mr. Moreby is a credit to his calling. Equally popular is the appointment of Mr. A. D. Macfarlane, the present president of the Victoria Bar Association, and a prominent member of the younger element among leading counsel. Both of these professional gentlemen are highly esteemed by our citizens and command the respect of their brother lawyers. The other appointments also have been wisely bestowed, their standing at the bar and sterling character alone governing the Attorney-General's selection. The Times congratulates both the recipients and the Attorney-General upon the bestowal of these honors.

## THE MINER HARVESTERS

AS WE ALREADY HAVE POINTED out, unless the idle miners who are to be brought from Britain to Canada to help in the harvest fields can be absorbed after their work is done, arrangements should be made to send them back home with as little delay as possible. Vancouver has made it plain that it will be useless for them to come to the coast and expect to find employment in the winter months. It is much better that this intimation should go out in plenty of time, since it will prevent a good deal of misunderstanding and hardship later on.

If these men are not advised beforehand, a large number of them are bound to drift to the coast and find no jobs. That would simply mean a repetition of the experience after the harvest of 1923, when a number of British newspapers that should have known better told their readers that Canada was no place for emigrants. The action Vancouver is taking obviously is in the best interests of the workers themselves. Knowing by bitter experience what unemployment means over there, the people of the Old Country surely will appreciate the fact that to be forewarned is to be forearmed. They will interpret the advice in the proper way. Some of our own people probably will call it an intimation that we do not want Old Country settlers out here. This is a silly argument.

There is another reason why this warning should be sent out. Many of the men it is proposed to import for this harvest work have worked most of their lives in the mines. And apart from the fact that our own mine workers in British Columbia are working short time, giving no promise at all of employment for the newcomers at their own calling, it is problematical whether many of them will be able to stand the long hours and heavy work on the prairies.

No doubt some people, like the Bishop of Saskatchewan, for example, would object to this attitude. But if they would encourage this sort of immigration without regard to any possibility of absorbing the newcomers after their period of special service has expired, they would be pursuing a more practical course if they would explain where the money is coming from to keep those who would become public charges. If they were invited to pay the bill themselves, they would not be so enthusiastic on the question of promiscuous immigration. Victoria should follow the example of Vancouver and make clear to harvest workers that it can not assure them of work after harvesting is over, and that neither the municipality nor the province has any fund to cover unemployment. Of course, if those who object to this course will guarantee to provide for unemployed newcomers out of their own resources, the situation would be rendered much less perplexing.

## WOOLENS AND THE TARIFF

IN ITS CAMPAIGN IN BEHALF OF THE consumers of the country the Consumers League is dealing with a number of Canadian industries for which the manufacturers are endeavoring to make out a case for more tariff protection. It notes this in a recent issue of The Canadian Woolen and Knit Goods Manufacturers' Association Bulletin, which it describes as a publication "put out for the purpose of selling high tariffs to the Canadian people".

Canada during the first four months of 1928 imported more woolen and worsted cloth from Great Britain than was imported from Great Britain by any other country in the world. The British Government figures just out show that Canada took 8,319,300 square yards or practically double the yardage of any of the other principal importing countries. China with 4,722,

700 square yards being the next in line. The figures for the four months ending April are for exports from Great Britain in square yards:

	Total	Woolen Cloth	Worsted Cloth
Canada	8,319,300	5,919,300	2,400,000
China	4,722,700	3,678,700	1,050,000
United States	4,727,000	3,265,500	1,462,100
Australia	4,673,700	3,882,500	891,400
Argentina	4,291,600	2,952,900	1,338,700

The Bulletin then proceeds to say that "it will be noted that imports of woolen cloth into Canada are double those of worsteds, and that in both woollens and worsteds the imports are greater than into any other country. The magnitude of the imports of woolen cloth into Canada, 5,919,300 square yards, indicates the loss of potential employment from this source in the woolen cloth mills in Canada."

The Consumers League is interested in this statement and finds some humor in it. It points out that all kinds of countries—all sorts of climates—are lumped together in this analysis. Take for instance Australia—its population is about one half that of Canada. When it is forty below zero in Winnipeg it is probably ninety above in Adelaide and 104 in the shade in Perth. Any person, except the writer of The Bulletin of the Canadian Woolen and Knit Goods Association, it proceeds, would anticipate that the average person in Canada would use more woolen goods than the average in Australia. Still, taking population into consideration, it would appear that the imports into Australia are almost as heavy as into Canada.

It then deals with China and observes that China manufactures practically no woolen goods. The people are too poor to wear woollens. Her imports are nearly all for the few Europeans who live there. The imports given in these figures would allow only three-quarters of an inch of woolen per Chinese per year. Why should these woolen manufacturers make such comparisons? They are silly beyond words.

As for the United States, the woolen manufacturers are broke. Protective tariffs have advanced the price to a point at which consumption ceases. American woolen manufacturers are hard up—broke because of high tariffs. Cotton, silk, anything except wool, are now the vogue in the United States. This condition, which is ruinous to the American woolen industry, has been caused by high tariffs.

## VICTORIAN HONORED

THE NATIONAL EXECUTIVE OF THE Women's Institutes of England once again has done signal honor to Mrs. Alfred Watt, M.B.E., of Victoria, by placing her at the top of the poll in an election in which 300,000 women cast a vote. Seventeen women sit on this body and Mrs. Wintingham, a former member of the British House of Commons, came second in the poll which the former Victorian woman headed.

It will be remembered that Mrs. Watt introduced the women's institutes movement in Great Britain some years ago and it was not long before she was able to convince the women of the cities as well as the women of the countryside over there that the benefit which Canada had derived from it might also be enjoyed in the Old Country. Since then much excellent work has been done and the hundreds of institutes which have been organized now have become an important factor in community life in urban as well as rural centres.

## WHAT OTHER PAPERS SAY

The Vancouver Courier-Journal

Co-operation between the public and the physician and surgeon is the chief hope now of combating this terrible scourge. Though a hundred years may be necessary to solve the mystery, the disease may be robbed of much of its destructiveness.

## THE USE OF TELEVISION

By Bruce Catto

Within a few years, according to present indications, the process of television will be perfected for everyday use. Then we shall be able to sit in our homes, twirl a few knobs on our radio cabinets and see events taking place hundreds or thousands of miles off. The ordinary bounds of time and space will be completely overcome.

We are fairly well used to radio and its marvels by this time, and miracles are our daily fare. Probably we shall take television as a matter of course; in a few years, it may be, we shall fuss and fume whenever passing thunderstorm or other atmospheric disturbance renders the images on our screens a little less than perfectly distinct. Yet the whole thing ought to excite our wonder, at that. The simple fact is that mankind, at last, is freeing itself from the domination of the universe and asserting its mastery over its material surroundings. We are doing the impossible; the future, in its possibilities, is more glittering than anyone in history ever dreamed. There is only one disturbing factor. This miracle of television, demonstrating the kingship of man's mind, will be used largely so that we can see prize fights, baseball games and political rallies—just as the radio has been used to see prize fights and baseball games. This is a large advance, but it is not the advance we need. The radio is used to send the tin-panny strains of "Mistakenly Mud." "That's My Weakness Now" and the like, and just as the movies give us "Bull Legs" and "Flames of Passion."

We have developed our scientific and mechanical devices a little bit faster than we have developed ourselves. Our hands are better than our heads. The big plant that we ought to tackle next is to bring our selves up to the level of our own inventions. Television will be a fine thing, just as the radio and the movies are fine things. But if its chief use is to enable us to see prize fights and bathing girl reviews without stirring out of our homes, we won't be much better off than we are now.

Our scientists and inventors are placing great tools in our hands; tools with which, if we will, we can make simply unbelievable strides along the road of progress. But we must learn how to use them. The next great advance must come in the realm of ideas.

## THE DUCK

When drawing trumps you should not as a rule indulge in ducking. To do so might unnecessarily permit opponents to ruff with the result that your entire ducking campaign would collapse and your opponents might make tricks that otherwise could never have been made by them. As a rule, draw the outstanding trumps and postpone the ducking.

Used to best advantage when one of the hands is weak in re-entries, ducking may, however, be advisable when you do hold a re-entry as in the illustration which follows:

Dummy holding spades—S 4 3, hearts—A 3, diamonds—K J 7 6 5 4, clubs—Q J 10, diamonds—A J 2, hearts—Q J 10, diamonds—K J 7 6 5 4.

The only way in which declarer may possibly make game is to establish the diamond suit. This may be accomplished by ducking the first time that suit is played.

When the lead he should play heart Queen and overtake with heart Ace in the dummy. Then he plays diamond King in the hand.

Good that all of the missing diamonds will drop, enabling him to win tricks with his three remaining cards in that suit with the probability of going game.

## SCHOOLGIRLS OF ENGLAND REACH CANADA TO-DAY

Start Tour Arranged By I.O.D.E.; Itinerary Interesting

Montreal, Aug. 8.—Twenty-five English schoolgirls have arrived in Canada to begin two months' trip arranged under the auspices of the Imperial Daughters of the Empire.

Their itinerary, which takes them to the maritime provinces, to Northern Ontario and Central Canada, the Rockies and the West has been planned to give them a taste of the many phases of Canadian life.

These girls, who will travel with a conductor, will first visit Quebec and the Maritime Provinces, so that they will be able to get an idea of the early history of this country, after which they will spend a week in two girls' camps in Ontario.

From Ontario they will continue their course westward and will arrive in time to see the wheat growing on the prairies, to see it cut and hauled. They will visit the Prince of Wales ranch, Banff, Lake Louise, the fruit district in the Okanagan valley, and the oil wells, and will travel through the Kettle Valley pass, after which they will visit some of the beautiful farming country in British Columbia.

After arriving in Victoria, they will have a rest after their long trip and continuous sightseeing, before undertaking the return trip via Jasper Park and Saskatchewan. On arrival in Ontario they will be taken to see the nickel mines in Sudbury, and will later go to Toronto, Hamilton, Niagara Falls and other places in Ontario.

After this, the party will be divided into three sections, each section to spend a week at Toronto, McGill or Queen's University, where special lectures will be given for their benefit and an opportunity provided for meeting the Canadian students, so that the girls may be given an idea of Canadian university life. After this experience the girls will be taken to Ottawa where they will spend two days securing the capital and enjoying the special entertainments to be given for them. The next two days will be spent in Montreal and one day in Quebec for their interesting picnic for sightseeing and entertainment have been made. The party will sail for England on October 19.

The girls will stay in Canadian homes during their tour as they will be billeted with members of the order, who will, of course, give them every possible assistance in seeing the country and absorbing its history.

These girls have been specially chosen for this trip by the Society of Overseas Settlement of British Women, who are working in conjunction with the I.O.D.E. They are each paying \$500 for the trip, but while in Canada will be the guests of the Daughters of the Empire who have established a fund to pay for their entertainment. Miss Stewart, a former national officer of the I.O.D.E., will be in charge of the Canadian trip.

## INSULT TO QUEEN HELPS FEMINISM

Montreal Woman Describes Incident of Persian Tour

New York, Aug. 8.—An insult to a queen has opened the way to feminism in the Far East, said Mrs. F. Evelyn Schopflocher of Montreal on her return from an aeroplane tour of the East in the interest of the women's movement.

The incident, occurred when the Queen of Persia attended a mosque unveiled and was insulted by Mullahs, who failed to recognize her, declared Mrs. Schopflocher, who said that as a result the Shah, Riza Khan Pahlavi, has become a leader in the movement to liberate the women of the East from the enslavement to Oriental customs.

The Shah, she said, became aroused over the insult to his queen that he rushed into the crowd with drawn sword and in retaliation wounded several persons. As a result of the Shah's interest in the feminist movement, she said, Persia has accepted representation in the international council of women, being the first Oriental country to do so. Abandonment of the veil has become less of a stigma.

Mrs. Schopflocher's tour was made in the interests of the International Council of Women. Most of the trip was made by aeroplane and included stops in Turkestan, Persia, Arabia and Russia.

In Russia she said, Soviet officials mistook her for a journalist seeking an interview with the exiled Trotsky and brought about her hasty departure from the country. Her clothes, typewriter and other effects were stolen from her in Russia.

But the most remarkable thing about this country, she said, "was the eagerness of the women to converse on religion and feminine movements with someone from another section of the world."

## DESERTED WIVES RECEIVING AID

Friendly Help Faced With Continual Problem, Says Report

Deserted wives with children furnish a continual problem for the Friendly Help Society, which was called upon to assist eleven deserted wives with children last month, according to the report presented at the monthly meeting yesterday.

In the absence of the president, Mrs. William Grant, first vice-president, was in the chair. Ten members were present, among them Thomas

Menzies, superintendent of Neglected Children for the Province. Conditions are very satisfactory, and the families who principally need assistance are old couples, widows, sick people and deserted wives with children. Many of the families assisted received only milk and some only clothing.

A total of 77 families were assisted, representing 258 persons, divided as follows: Five widows, 10 widows with children, 17 families, 9 families only clothing, 1 deserted wife, 11 deserted wives with children, 8 couples, 5 lost men (elderly), and 2 out of the city clothing only; 42 of these had groceries, 4 had fuel, 81 had milk daily, 29 had meat more than once, 1 pair of children's new shoes, 31 had clothing, 6 had provisions as cake, sandwiches and jam, and 5 had sundries as baby carriage, sofa, umbrellas and rug.

The association will take charge of the tagging at the Market Building for the Salvation Army on Saturday morning, August 11.

## MOTHER OFFERS SUGGESTION ABOUT LACTIC ACID MILK

Mrs. R. A. writes: "I would like to offer a method of preparing lactic acid milk, which is easier and gives a smoother product. The biggest, in fact, the only drawback to this formula is that the thick milk does not readily pass through the hole in a nipple. A small baby can draw on it until tired and get nothing."

"Place the boiled water, corn syrup and lactic acid in a container and add the boiled and cooled milk very slowly, at first, stirring constantly. With a little experience a product can be made which is not much thicker than sweet milk."

"When weaning time arrives one drop of acid is removed from the formula each day until the child is on sweet milk, with no trouble at all. The mothers who made the formula by the other method secured a smoother milk by adding the acid with a medicine dropper."

ANSWER: "Thank you for the suggestion. I have never had any trouble getting a smooth product by adding the acid drop by drop, as advised, to the acid milk, instead of adding the milk to the acid as you suggested. At any rate it is worth trying both methods and use the one at which you are most successful. Suggestions for enlarging the hole of the nipple by means of a hot drawing needle so that the milk could pass through more easily were made in the original article published about this milk. My own son was fed on it for some months, though it was prepared from the Bulgarian bacillus tablets, which were extremely easy to use and gave excellent results. I liked your method of weaning very much. That is a simple and easy procedure."

"When weaning time arrives one drop of acid is removed from the formula each day until the child is on sweet milk, with no trouble at all. The mothers who made the formula by the other method secured a smoother milk by adding the acid with a medicine dropper."

ANSWER: "Thank you for the suggestion. I have never had any trouble getting a smooth product by adding the acid drop by drop, as advised, to the acid milk, instead of adding the milk to the acid as you suggested. At any rate it is worth trying both methods and use the one at which you are most successful. Suggestions for enlarging the hole of the nipple by means of a hot drawing needle so that the milk could pass through more easily were made in the original article published about this milk. My own son was fed on it for some months, though it was prepared from the Bulgarian bacillus tablets, which were extremely easy to use and gave excellent results. I liked your method of weaning very much. That is a simple and easy procedure."

## LAND SALES GIVE CITY MUCH MONEY

Realty Transfers Bring  
Nearly \$90,000 in Seven  
Months

The City Land Department earned a revenue of \$89,338 in the first seven months of the current year, tabulations issued yesterday show. This income is nearly \$10,000 above the revenue for the same period in 1927, when \$79,633 was received by the city from land sales, rentals and other land department sources.

A feature of this year's business has been the great increase in the revenue from cash sales, this having been \$27,899 as compared with \$3,756 in 1927. Land sales made this year for cash and on terms aggregate \$72,645, sales carrying deferred payments totaling \$44,146. The increase above 1927 is nearly \$12,000, the total sales in the seven months of last year being \$60,306.

## WILL EXHIBIT IN GARDEN CLASS AT PROVINCIAL FAIR

The Victoria Horticultural Society, meeting at the City Hall last evening with P. R. Leighton in the chair, decided to enter an exhibit in the class for gardening associations at the forthcoming Provincial Exhibition. This class comprises 120 square feet of vegetable and flower garden, and the society is out to retain the three cups it has secured during the last five years.

The secretary reported that the society's recent show held at the Crystal Garden was considered a great success, but regretted to report financially there was a small deficit. Congratulations were extended to A. Tyrrell, G. Little and J. Noyes, on winning the three cups in the Island garden competition, recently conducted by the Vancouver Island Horticultural Association.

An excellent display of gladioli was staged in the competition last evening, when Angus McKay secured first place with an exhibit of six perfect specimens, with A. M. Scott second and F. B. Robinson third, George Atwood securing first place with his vegetable specimens.

## Langford

Langford, Aug. 8.—The August meeting of the Women's Auxiliary to the Prince Edward Branch, Canadian Legion No. 91, was held in the clubroom on Monday evening, Mrs. Meredith Jones, president, occupied the chair. The secretary, Mrs. G. Cooney, presented the financial statement and all outstanding bills were settled.

By the kindness of David Spencer, a home-cooking stall will be held on Saturday, August 18, in the basement of the store under the supervision of Mrs. A. Fenington in aid of the branch's funds. The members decided to have a sale of work early in November. The correspondence was dealt with, after which refreshments were served by Mrs. E. M. Meredith-Jones, Mrs. A. Fenington and Mrs. J. Saltmarsh to the men of the Prince Edward Branch, meeting in the club-house, and to the W.A.

Mrs. J. G. Pattison and her two little children from Calgary are visiting Mrs. Pattison's parents, Mr. and Mrs. D. Malcolm of Westvale, Langford Lake.

The Langford softball team suffered its first defeat in the second half of the "Westholme" League matches on Tuesday night, when they were defeated by the Crescents by 10 runs to 9.

A silver tea will be held at the home of Mrs. Ernest Goucher, Island Highway, on Monday, August 20, under the auspices of the ladies of St. Matthew's Guild. Prizes will be awarded for the best baked cake, not iced. This competition is open to everyone and the cakes will be sold in the afternoon. A mail delivery, test and a bran tub will be further attractions.

W. K. Woodcock, who has been visiting Mr. and Mrs. E. Goucher, Island Highway, has returned to his home in Vancouver.

Henry Macaulay, who has been staying here for the last six months, has left for his home at Waseca, Sask.

Mrs. Frank Smedley and daughter, Glenys, are camping for a few days with friends at Brentwood.

## Cumberland

Cumberland, B.C., Aug. 8.—The funeral of Arthur Boyd, son of Mr. and Mrs. James Boyd, who met his death in a lumber camp accident last Tuesday, was held on Sunday morning from the Catholic Chapel, the Rev. Father Beaton officiating, and interment was made in the Catholic cemetery.

The deceased was twenty-three years of age, born in Lethbridge, Ont., and had been a resident of Cumberland and district for the past twelve years.

The large gathering of friends at the funeral and the beautiful floral tributes testify to the great regret felt throughout the district at his untimely death.

The pallbearers were M. Davison, N. Helm, J. Duco, R. Churchill, George Raga and B. Bono. Left to mourn his loss are his father and mother, three sisters and three brothers.

The annual meeting of the Employees' Medical Board, Canadian Collieries (B.C.) Ltd., was held on Saturday evening when the reports for the past year were presented. A vote of confidence was passed to officers of last year, all of whom were re-elected for the coming season. The list of officers is as follows: Chairman, Sidney Hunt; vice-chairman, R. Campbell, Union Bay; secretary, James Dick; representatives, No. 4 mine, J. Devlin, George Richardson and H. Bates; No. 5 mine, H. Waterfield.

# Canifera Beat Argos--Half Length

## Heart-breaking Race Between Eight-oared Crews At Amsterdam

Canadians Make Great Effort in Semi-finals of Olympic Rowing Classic, But Fail to Take Verdict From Southern University; Joe Wright and Jack Guest, of Toronto, Score Win Over Germans in Double Sculls; Pearce, of Australia, and Myers, of U.S., Meet in Finals of Single Sculls

Amsterdam, Aug. 8.—The Canadian doubles sculling team, Joe Wright Jr. and Jack Guest, of Toronto, easily defeated the German pair, Hoek and Voigt, in an Olympic doubles semi-final to-day, winning by a length and a half in 6 minutes 44 seconds. The Canadians thus avenged themselves for the defeat inflicted by the Germans on Monday.

The Canadians started with a powerful drive of thirty-eight strokes to the minute, and though the Germans broke away at forty to the minute, the Canadians had a length lead in the first minute. Wright and Guest gradually pulled their shell into a lead in the first few minutes, and at the 700 metres mark, halfway, the Canadians, rowing thirty-two strokes to the minute, to the Germans' thirty, pulled into a still longer lead. Here the German pair put on a hard sprint and came within a length of Wright and Guest, but the Canadians held to a steady twenty-eight stroke clip and easily held the lead, although the Germans continued sprinting in the last half. The Germans, worn out with repeated sprints, were hardly able to finish and the Canadians won by a length and a half.

### A CLOSE CALL

The University of California, representing the United States, won from the Argos, of Toronto, in the semi-finals of the Olympic competition of eight-oared crews to-day.

It was a heart-breaking struggle, and the United States gained victory over the Canadians by a bare half-length. Collett, England's single sculler, who yesterday defeated Joe Wright Jr. of Canada, in the Olympic sculling event, was to-day defeated by Pearce, of Australia.

Myers, Philadelphia, won his semi-finals singles sculls from Gunther, of Holland. He will meet Pearce for the title.

### BRITISH IN FINALS

In the next event the British pair, O'Brien and Niblett, London Rowing Club, beat Sisti and Bolzoni, Italy, and entered the finals against Germany.

The United States four without coxswain to-day defeated the Italian four in the Olympic rowing semi-finals, thus clinching the right to meet Great Britain in the final on Friday. The time was 6 minutes 29.5 seconds.

The Italian stroke collapsed ten metres from the finish and his three companions keeled over also after the terrible struggle. The American barely had the strength to slap one another in congratulation for their last-minute victory.

## Remarkable Shooting At Quebec Meet

Montreal, Aug. 8.—A record for the Point aux Trembles range was made Tuesday by Sergeant A. Parnell of the Royal Montreal Regiment, when he shot a possible 105 in the active militia match, one of the events in the opening day of the 53rd annual prize meeting of the Province of Quebec Rifle Association. He hit the bullseye forty-six times.

Sergeant J. H. Regan of the 16th Scottish, Victoria, made 103 and ranked second.

Sergeant H. W. Burton, also of Victoria, was fourth with 101.

Captain G. O. Holland of the 10th Scottish, Victoria, A. E. Evans of British Columbia, and Captain T. Gardiner of the First Vancouver Regiment had scores of 100.

Scores of other visiting marksmen included:

Gunner H. Collings of Victoria and Sgt. Major Ruffell, Vancouver, 99; Sgt. B. W. Beaumont and Pte. J. M. Grant, 72nd Seaforth, 98; Lieut. D. Pyrie, 16th Scottish, 98; Captain W. G. Colquhoun, B.C., 97; Sgt. A. W. Harwood, First Vancouver, 96; Sgt. T. R. Davis, 72nd Seaforth, B.C., 97.

## Champion Gate Crasher Caught At the Olympics

Amsterdam, Holland, Aug. 7.—A portly typewriter, cable blanks and a rich American (want to be a star) were the credentials of the champion "gate crasher" of the ninth Olympiad. For ten days he passed the gate keeper with "Good morning, I am an American correspondent."

Yesterday at the swimming stadium a newspaperman standing by said, "What paper do you represent?"

The "gate crasher" stared. He didn't know any other English words. He was eliminated.

## FINALS ARE REACHED IN LAWN BOWLING

Teams Skipped By Sherwood, Victoria, and Jenkinson, Vancouver, to Meet

Teams captained by Sherwood, of Victoria, and Jenkinson, of the Terminal City Club, Vancouver, will meet in the finals of the Capital City rink competition in the open lawn bowling tournament in progress at Beacon Hill.

Semi-finals of this contest, were played yesterday afternoon. Sherwood's team had a fairly easy time against that captained by Hooper, of Terminal City, the match ending 25-6.

A CLOSE MATCH

The other semi-final match, between teams skipped by Chapman, of Leithbridge, and Jenkinson, was one of the outstanding games of the day and the result was in doubt until the last bowl was rolled. Jenkinson's team got the victory by 22-21.

A few more matches in the second round of the singles competition were played off during the day and many pairs were in progress during the evening.

Results turned in yesterday afternoon and evening were:

Semi-finals of Capital Rink Competition: Sherwood, Victoria, defeated Hooper, Stanley Park, 22 to 6.

Jenkinson, Terminal City, defeated Chapman, Victoria, 22 to 21.

Doubles—Third Round

Johnson and Smith defeated Tupman and Mercer, 27 to 20.

Edwards and Washington defeated Whitehead and Gardiner, 31 to 12.

Johnson and Johnson defeated Dixon and McCosh, 23 to 17.

Reid and Reid defeated Davey and Parker, 20 to 15.

Eastman and Hallam defeated MacKay and Caspell, 19 to 15.

Byng and Valentine defeated McLaren and Booth, 23 to 18.

Blundell and Dawson defeated W. M. Cullen and Wetherpoon, 23 to 14.

The Ranking and Hoaginson defeated Moore and Haywood, 26 to 14.

Crowe and Kauback defeated Finlay and A. W. Stewart, 19 to 17.

Singles—First Round

T. Renfrew defeated J. MacKay, 21 to 16.

Wetherpoon defeated D. MacLean, 21 to 10.

R. W. Wilson defeated E. A. Meadows, 21 to 8.

At the Burnside greens play in the morning the contest resulted as follows:

Tupman defeated Jenkinson, 10 to 9.

Todd defeated Edwards, 24 to 8.

MacKay defeated Wetherpoon, 20 to 10.

J. Mackay of the Terminal City Bowling Club, was elected captain of the "outdoors" contingent of twenty-eight bowlers who were to meet the Victoria Club at a competition which is to be played at 6.30 Friday evening.

At the Burnside greens play in the morning the contest resulted as follows:

## PARTNER OF WRIGHT'S

Jack Guest OF ARGONAUT ROWING CLUB

The Canadian doubles sculls, which won again to-day at the Olympic sports, is doing very well. Great disappointment has been felt over the elimination of Joe Wright, diamond sculls holder, in the singles, but he is rowing well in the doubles. Wright has attempted too much. Yesterday, when he suffered elimination in the singles at the hands of Collet, he had only two hours previous had a hard doubles to row and he was not at his best in the singles. Now that Wright is out of the singles, he will be able to devote all his strength to the task of winning the doubles with Guest, who is a coming star.

## Japanese Wins Breast-stroke Swim and Sets Olympic Record

Amsterdam, Aug. 8.—Tsuruta, Japan, to-day became the Olympic champion in the 200-metre breast stroke, swimming the distance in 2:48 1-5. Redemacher, Germany, was second and Ildefonso, Philippines, third.

Tsuruta failed only by four-fifths of a second to equal the world's record made by Rademacher, but he established a new Olympic record by clipping 8 seconds from the mark of Skelton, United States, made in Paris in 1924.

Rademacher with 2:50 3-5 and Ildefonso with 2:56 1-5, were also inside Skelton's mark of 2:55 3-5.

Raymond Ruddy, United States, finished third in the 400-metres free style Olympic swimming semi-finals to-day and qualified for the finals. The other qualifiers were Zorilla, Argentina; who finished first, and Charlton, Australia, second.

## Jockeys Fly Here For Opening Of Race Meet At Colwood Thursday

B.C. Airways Limited to Have Big Plane Make Special Trip to Victoria To-night From Vancouver so That Riders May Be Here to Exercise Horses in the Morning; Big Handicap Horses to Race; First Race Will Be at 3 o'Clock

In order to be here in time to exercise their horses in the morning a party of a dozen or more jockeys will fly to Victoria to-night from Vancouver, where the horse-racing season will have a brief holiday while the ponies perform here.

The ponies will start running at the Colwood track to-morrow afternoon. Carloads of horses are being rushed here so as to be ready for the opening. A special boat will leave Vancouver to-night with another consignment of horses.

The racing at Vancouver ends this afternoon and many of the jockeys and horses will be performing there. There will have to be plenty of rushing to get the geesees over in time for the starting to-morrow.

JOCKEYS TAKE TO AIR

Heinie Kerston, the parade leader and former well-known jockey, will be in charge of the jockeys who will fly here to-night. The big Ford all-metal plane of the B.C. Airways Limited will make a special trip from Vancouver, leaving there at 7.30 o'clock.

Among the jockeys who will fly over are Louman, Critchfield, Pollard, Bantyne, Paines and Pook.

The jockeys are anxious to be here in time to exercise the ponies at the track to-morrow morning, prior to the opening of the meet in the afternoon.

The first race will not start until 3 o'clock to-morrow, but on all other days the card will open at 2.30 o'clock.

Among the big handicap horses that will run here will be Mamadan, Cyclonic, M. J. McNulty Jr., Brian Taylor, War Bells and Sonar Hair.

British Columbia owners are very prominent in the racing game this year, with Frank Bevan, of Nanaimo, having the largest racing stable this year. He has the hopes of winning the Vancouver Derby to-day with War Bird, a colt.

## EUROPEAN BIKE RIDERS SHOW UP NORTH AMERICANS

Bill Peden and Other Canadians Fail to Gain Places in Long Road Race

Danes First Home With Great Britain Second; Disappointments on Way

Hamburg, Holland, Aug. 8.—Of the twenty-five nations taking part, the Danish team was unofficially reported the winner of the 102-mile bicycle race between Schermerhagen and Hamburg yesterday. The Danish team covered the distance in 15 hours 9 minutes 14 seconds. Great Britain was second in 15:44.49. Other finishers were: Third, Sweden, 15:27.50; fourth, Italy 15:33.02; fifth, Belgium 15:33.50; sixth, Switzerland 15:35.41; seventh, France 15:38.20; eighth, Argentina 15:42.46.

Hansen of Denmark was the individual winner of the race, covering the distance in 4 hours 47 minutes 18 seconds. In the following order were: Southall, Britain, 4:55.08; Janzon, Sweden, 5:00.15; Grandi, Italy, 5:02.05; Lauterwasser, Switzerland, 5:02.57; Armstrong, Switzerland, 5:04.48.

The same race incident happened to Joseph Laporte, the other Montreal man. He also got out on the wrong road once and was recalled by officials before the got back on the proper course.

Low Elder's stomach gave out when he was thirty-five miles from the finish.

"Turcy" Feder of Victoria had punctures in his back tire five miles from the start and another at the twelfth mile, but he finished the race.

Mrs. Philbrick Wins at Oak Bay

Finishing with a gross score of 88, which, with her handicap of 5, gave her a net 83. Mrs. Philbrick won the monthly medal round played at the Victoria Golf Club yesterday.

A certain golfer who is so completely absorbed in his pastime that mere domestic matters have long ceased to trouble him has a small son named William.

One evening, upon returning from the country club, his wife remarked: "William, tell me he was caddying for you all afternoon."

"Is that so?" exclaimed the astonished man. "Well, now that you mention it, I thought I had seen that boy before."

Birnie Sinks Tee Shot at Oak Bay

C. M. Birnie of the Victoria Golf Club has again sunk a tee shot at the Oak Bay links. Birnie got his thrill this morning at the seventh tee. He has done it before.

## Pittsburgh Pirates Give Leading Clubs Some Uneasy Moments

In Last Month They Have Won Twenty-two Games and Lost But Seven and Are About Ready to Hurdle Cincinnati and Chicago and Take Third Place in National League; Burleigh Grimes Wins Twentieth Game This Season for the Pirates; Yankees Increase Lead

If they are wise, first division clubs in the National League will keep a wary eye on the Pittsburgh Pirates.

On July 7, the 1927 champions were deep in sixth place, with apparently no prospect of getting any higher. Then Burleigh Grimes, who had carried the complete burden of pitching winning ball for Bush, began to get some assistance from his mates. The results were immediate and to the point. In the month from July 7 to August 7, the Pirates won twenty-two games and lost only seven, better than 750 per cent baseball.

## NO CHANCE TO PLAYOFF TIE IN LACROSSE

New Westminster Salmonbellies Going to Play in Manchester August 16

Only Police and Newspaper Men Saw Salmonbellies Beat Great Britain

Amsterdam, Aug. 8.—Very little possibility of deciding the tie in the demonstrational lacrosse series of the ninth Olympiad exists, according to indications here to-day. Canada's victory over Great Britain yesterday left the standing tied, with Canada, United States and Great Britain each having won a game and lost one. The teams also each scored twelve goals.

The Canadians leave to-morrow for Paris, going to London on Saturday. They play the British team in a match at Manchester on August 16 and will sell for home of the Montreal from Glasgow August 18.

D. K. McKenzie, manager of the Salmonbellies, is going to the game, but will return to Britain in time for the Manchester game.

The smart play of Jack Woods, inside home, largely accounted for the Canadian victory.

The English goal-keeper was unable to manipulate his stick quick enough and allowed the ball to filter through several times where Stoddart, the Canadian goalie, would have made easy stops.

CANADIANS AGGRESSIVE

The Salmonbellies showed an aggressive spirit that was lacking in Sunday's match with the United States, which they had lost 6 to 3.

The Englishmen managed to break through a few times in the first period, but the ball was generally taken from them in a tussle behind the goal. The British team did little passing, but tried a few long shots.

In the second period the Englishmen set the pace, but Gregory, the New Westminster captain, made the finest run of the game and scored.

John Vernon played consistently well in both halves for the Canadians. This Stood of the British team, continually roaming the field, was mainly responsible for his team adding three goals in the last period to two they had scored in the first. The latter, toward the end, became a good exhibition of lacrosse.

The Canadian scorers were: Wood (3), Vernon (2), Mackie, Burnett, Fraser and Gregory.

## CLOSE UP GAF

This streak has raised the Pirates only one notch to the head of the second division, but the interesting part of this is that Cincinnati and Chicago, in a virtual tie for third place, lead the defeated champions by only three games.

In losing games, the most important factor, the Pirates trail the Reds by only one and lead the Cubs in the same margin, but Joe McCarthy's Chicago Cubs have won seven more games than Pittsburgh.

Beating Brooklyn in a double-header 4-3 and 3-2 in twelve innings, the Pirates ran their latest winning streak to six straight. Grimes registered his twentieth victory in the opening first pitch in the majors to reach so high a total.

The Phillies trimmed the Chicago Cubs 4-2, behind the steady pitching of Wilentz.

The New York Yankees gained back a game in the American League race by trimming the Chicago White Sox 6-3 while the Philadelphia Athletics were bowing to Detroit, 4-1. The Athletics' defeat left them four and one-half games back of the leaders, Owen Carroll, formerly of the Athletics, pitched his twentieth victory of the season for the Tigers.

Two homers by Lou Blue enabled the St. Louis Browns to make it three out of four from the Boston Red Sox, 5-3, and give Sam Gray his seventeenth win of the season.

Sam Jones held Cleveland in check and the Washington Senators shut out the Indians 5-0.

Yesterday's results were:

## Births, Marriages, Deaths

## BORN

**HEMSTREET**—On August 7, at the Royal Jubilee Hospital, to Mr. and Mrs. Charles Hemstreet (nee Dorothy Birch), 2015 Byron Street, a son.

## DEATH

**BLAKE**—On August 7, at the Royal Jubilee Hospital, to Mr. and Mrs. James H. Blake, 1282 King's Road, a daughter.

## DIED

**NIXON**—There passed away Sunday, Aug. 5, at the family residence, corner George Road and Alberni, Robert Nixon, aged seventy-nine years. The late Mr. Nixon was born in Sunbury, England, but came to Canada forty years ago, settling at Morich, Sask., where he resided for thirty years. Mr. Nixon has been a resident of this city for the past eight years. He leaves to mourn his loss his widow at the family residence, and four daughters, Miss Margaret Nixon at home, Miss Jennie Nixon at home, Mrs. Campbell, Morich, Sask., and Mrs. Davidson, Silverton, Oregon. Also two sons, William and Joseph Nixon, at Morich, Sask.

Funeral services will be held Thursday afternoon, Aug. 8, at 2 o'clock, from the S. J. Curry & Son Funeral Home. Interment will be made in the Royal Oak Burial Park.

**WELLS**—On August 1, there passed away very suddenly at the Royal Jubilee Hospital, Mrs. Laura Wells, beloved wife of Mr. L. C. Wells of Prospect Lake. The late Mrs. Wells was a native of Quebec, aged 40 years, and a resident of this city for only three months. She leaves to mourn her loss her husband, two daughters at home; also one brother in Saskatchewan and two sisters, one in Fort William and one in Saskatchewan. The remains are resting at the Thomson Funeral Home, 1025 Quadra Street, from where the funeral will take place to-morrow afternoon at 2 o'clock, when the Rev. T. H. Davies, pastor of Knox Presbyterian Church, will conduct the service, and the remains will be laid to rest in the Royal Oak Burial Park.

**IN MEMORIAM**  
ROBBINS—In loving memory of Martha, beloved wife of George Robbins, who died Aug. 8, 1928.  
Sadly missed by her husband and daughters.

## "RELIABLE REALTORS"

ever before. How could Canada expect other countries to contribute their raw materials to the Dominion if Canada refused to give them any of its raw materials? Canadian cotton mills, for instance, required cotton if they were to continue to function. Cotton was not produced in Canada.

The proper course to pursue was not one of refusing to export raw materials. Rather it was to conserve the country's great natural resources.

There was really nothing to fear in the doctrine which was being preached by Mr. Bennett, said the Premier. All the leader of the Opposition was trying to do was to advance his own doctrine of protection.

## RECORD REVIEWED

Premier King reviewed the record of the Liberal Party of Canada since he passed its leader nine years ago. In passing he made a brief plea for tolerance in matters of race and religion.

"Time has helped to reform the Senate in a marvelous way," said Premier King, referring to the way the composition of Parliament had changed during the years since he took office as Prime Minister at the end of 1921. Now the Liberals and Conservatives are almost on an even footing in the second chamber and consequently the road was easier for the Government when it came to put legislation through Parliament.

The record of the Government showed reductions in taxation and reductions in the public debt, which, with the latest announcement of the Finance Minister that a loan maturing on October 15 would be met in cash, amounted in all to approximately \$17,000,000.

Mr. King pointed out that out of every dollar spent by the Government last year, 45 cents went on war expenditure.

## DEBT RECOVERY

Premier King stated that when the Liberal Party came into power there were owing to Canada sums totaling \$172,231,066, which were obligations incurred by the late Conservative Government, but not met in the years following, or which were the result of loans made by our predecessors to the Roumanian and Greece. The Roumanian and Greece, however, had not so much as interest payments had been made when we took office.

Since the present government had come into power, aided by the financial success of the late Conservative Government, the High Commissioner in Great Britain, the Finance Department had received from the British Government sums amounting to \$2,450,590, from Belgium \$2,165,395, from France \$6,694,427, from Roumanian \$5,273,290 and from Greece \$2,793,498.

## CANADA'S COURSE

"Mr. Bennett, leader of the Conservatives, asks to what port Mr. King is bound. May I pause for a moment to say a word about the Canadian ship of state and the condition in which we found when we came into office," said Mr. King.

"I do not think anyone at that time could have said in what direction the ship of state was drifting. Everyone knew she was rapidly sinking, gigantic deficits were the order of the day in our public accounts. The burden of our public debt was being added to at such a rate that, under the continued management of the kind, nothing short of bankruptcy lay ahead."

"I will not say that when Sir Robert Borden left the helm there was a mutiny on board, but I know that one after the other her best mariners had left the ship," said Premier King. "We found her heavily laden with railroads that had gone into bankruptcy, her treasury being spent in the form of relief to unemployed, her officers and crew being paid in dollars that were worth 85 cents in the currency of her nearest neighbor. She was in fact in a condition so bad that even four years later a leading Conservative newspaper organ in the city of Montreal retaining its nightmare of the past, continued to

## Love and the Airman

ROMANCE AND INTRIGUE IN THE R.A.F.

How many novelists have taken the Army and the Navy as backgrounds for their stories? The number must be great. And invariably the quality of such stories has been above the average.

The newest fighting arm, however, has attracted few authors of fiction—which is strange, because, of the three Services, the Air Force is the most romantic and adventurous as it is also the most beautiful.

The author of our new serial, Mr. Rollo Villiers, has selected the Royal Air Force as the background of his story "Sky Blue," publication of which will begin in The Daily Times to-morrow.

Mr. Villiers has not made the mistake of allowing his background to obsess him. With him, the narrative is rightly the principal consideration, and no reader need fear entanglement in a mass of aeronautical terms.

"Sky Blue" is a pleasant story of love and intrigue, which everyone with a heart still young enough for romance will thoroughly enjoy.

It Begins To-morrow.

## NEWS IN BRIEF

Sales of reverted property by Saanich in the first seven months of the current year total \$7,896. Many offers to purchase properties will be placed before the next session of the council.

The bi-weekly luncheon of the Victoria Post Extra Board will be held at the premises of the new Victoria Worsteds Mill, Dallas Road, on Friday, August 10. The restaurers will be consulted over the big industrial property.

Notarians and their families are this afternoon picnicking at the home of Rotarian Rev. M. W. J. Bruce, at Mount Newton, Saanich. A programme of sports has been arranged, with suitable prizes for the children, ladies and members.

Sixteen persons were charged and fifteen convicted in the City Police Court to-day under the by-law governing aerial highway stops. Magistrate Day fined each of the defendants \$5. In all but the one case, which was dismissed, there were pleas of guilty.

As delegates from the local Y.M.C.A., Archie McKinnon, physical director of the association, and F. V. Shoemaker, boys' work secretary, will leave Victoria on Saturday for Seattle, Washington, to attend the Y.M.C.A. Summer School there. They will be accompanied by Everett Raynor and Harry Robson, members of the senior gymnasium leaders' corps. The school is the first of its kind for senior leaders ever held on the Pacific Coast.

The corner of Leighton and Richmond Roads was the scene of an automobile collision at 1.30 o'clock this afternoon. A new light sedan, traveling northward on Richmond Avenue, was wrecked by a heavy car proceeding eastward on Leighton Road. None of the passengers were injured. The corner is famed as one of the worst in the city and has long been marked as dangerous by the police department.

Two hundred citizens of the state of Mississippi, touring the United States as spokesmen of a "Know Mississippi" campaign, will visit Victoria on Thursday, August 16, and will be the guests of the Victoria Rotary Club at the weekly luncheon at the Empress Hotel. The party will visit Victoria from Seattle, the trip being a holiday from duties of a tour by special train. No other Canadian city will be visited during the tour.

## OBITUARY

Rev. T. H. Davies will officiate and the remains will be laid to rest in the Royal Oak Burial Park.

Funeral service for the late Robert Nixon who passed away Sunday, Aug. 5, at the family residence, corner George Road and Albina Street, will be held Thursday afternoon, Aug. 9 at 2 o'clock from the S. J. Curry & Son Funeral Home. Interment will be made in the Royal Oak Burial Park.

**Digain Williams At Metropolitan Church To-night**

"The Methodist Revival" and the Hymns of Wales will be the subject of Digain Williams, the Welsh author, at Metropolitan Church at 8 o'clock this evening. Dr. W. J. Sippell will preside at the meeting.

R. T. Roberts, of Portland, will sing in both English and Welsh. Mrs. Rhonwen Mason accompanying.

## JOHNSON WILL ATTEND PARLEY ON TAXATION

To hear the views of America's best experts on questions of taxation vital to British Columbia, E. D. Johnson, Deputy Minister of Finance, will attend the annual convention of the National Tax Commission of the United States, in Seattle, commencing on August 27. Mr. Johnson was invited to attend by officials of the commission and by the Governor of Washington, and to take part in the discussion of tax problems. Income tax, succession duties, elimination of duplicate taxation and many other questions with which British Columbia is directly concerned will be fully considered at the conference.

Archdeacon H. A. Collison and family have returned from a motor trip up the Island.

## SALVATION ARMY TAG SATURDAY

The Salvation Army social welfare work is so well and favorably known that a generous response is fully anticipated from the tag day which is being held on Saturday. The Salvation Army has been operating for many years in Victoria, and is well established, also an officially recognized agency for the relieving of human needs.

## FORMER VICTORIA GIRL IS KILLED

**Miss Beatrice Latremouille Victim of Kamloops Auto Crash**

Kamloops, Aug. 8.—While returning from Vancouver Monday afternoon, Beatrice Latremouille, nurse in training at St. Paul's Hospital, Vancouver, daughter of Mr. and Mrs. Latremouille of Kamloops, was killed instantly when the automobile in which she was traveling went over a precipice at the Cork Screw turn. Corby McKnight, who was driving the late nurse, was dangerously injured.

The car struck a bad spot just out of Tranquille and the sand gave way beneath the wheels. The nurse had no chance to escape. Miss Latremouille was home on her vacation.

Before leaving for Kamloops to reside, Mr. and Mrs. Latremouille resided in Victoria, and their daughter was educated at St. Ann's Academy. Mr. Latremouille, father of the late nurse, has been in the Shaughnessy Military Hospital, Vancouver, for the last two months for general war disability. Upon news of the accident he insisted on leaving for Kamloops.

## NEW RULE FOR IMPORT TRADE

Ottawa, Aug. 8.—The Ottawa Citizen says:

"A very important regulation vitally affecting British trade with Canada is scheduled to go into effect this Fall, but just when this will be is for the Government's decision."

"As a matter of policy it has been agreed to increase from twenty-five to fifty per cent the requirements of Empire labor and materials in British importations in order to entitle them to the British preference tariff, but if this is to be operative, customs regulations will have to be devised and put into effect."

"As the plan originated with Hon. J. A. Robb, Minister of Finance, his report on the subject has been submitted before regulations are considered."

"There have long been complaints about goods, very largely manufactured in foreign countries, being shipped to Great Britain for the finishing touches and exported as made in Great Britain, thus being eligible for the British preference tariff."

"The new requirement of fifty per cent Empire labor and materials will not only rectify this, but will have a large influence on the importing trade in Canada."

## Duncan

Duncan, Aug. 8.—Dr. and Mrs. H. P. Swan have returned from a motor trip to Pungit, Seattle and other places of interest.

## SAYS GREATEST GRAIN FLOW IS THROUGH B.C.

**W. Lloyd Craig Claims Federal Statistics Show Vancouver Leads Canada**

**Prince Rupert Exports Lift B.C.'s Total to First Place**

Vancouver, Aug. 8.—British Columbia ports have surpassed eastern Canadian ports in the exportation of grain, and Vancouver now ranks as the greatest grain export centre in the Dominion, W. Lloyd Craig, retiring chairman of the grain exchange division of the Vancouver Merchants' Exchange, said at the annual meeting of that body here to-day.

Nine million bushels more grain passed through British Columbia ports during the season which ended on July 31, 1928, than through Montreal, Halifax and all other eastern points, Mr. Craig declared.

In the short space of six years, he said, Vancouver had grown from an insignificant grain export point to the largest in Canada. His statements, he said, were based on reports just received from the Dominion Bureau of Statistics.

Vancouver's total exports alone were greater than that of the Eastern Canadian ports, he declared, while Prince Rupert's total put the West Coast considerably in the lead.

## SUBMARINE MEN DIED AT POSTS

**Twenty-seven Lost Lives in Italian Adriatic Disaster; Vessel Raised**

Rome, Aug. 8.—Poisoned by acid fumes, or drowned in the first rush of water, the crew of the Italian submarine F-14, sunk in collision with an Italian destroyer early Monday morning in the upper Adriatic, died to a man at their posts, apparently with fortitude and resignation.

The stricken submarine was raised to the surface last night after thirty-four hours of desperate labor by divers, who worked hour after hour to attach an air pipe to the sunken vessel and to fasten steel cables in order that it might be raised.

**TWENTY-SEVEN DEATHS**

Twenty-seven men perished in the tragedy. First reports received by the naval authorities indicated there were thirty-one men aboard, but a check of the bodies to-day revealed four of the crew had been rescued.

Included in the victims were Captain Well and Commander Pasulo.

Captain Well and Commander Pasulo had been on duty for some time when the submarine was struck by the Italian destroyer, while the rest of the crew were all found dead at their stations. There were no visible signs of panic in the vessel.

**STRUCK BY PROPELLER**

Inspection of the hull showed the submarine was not rammed by the destroyer Giuseppe Muscati, as at first thought, but was struck by its propeller. This ripped a great gaping hole near the stern, through which water rushed into the hull.

The men nearest the great hole were killed by the rushing water, while the rest of the crew were all found dead at their stations. There were no visible signs of panic in the vessel.

**UNEXPECTED FEAT**

Naval experts in Rome believe the speed with which the rescue operations were carried out, despite the fact that none of the crew was saved, was a remarkable performance. The divers were handicapped by raging seas and heavy winds. It was necessary first to find divers capable of descending to the 130-foot depth where the submarine lay, and then to find the submarine before the rescue work could start.

After much toil, the divers were able to attach an air tube to the submarine. Fresh air was pumped into the F-14, but not in sufficient quantities to keep the men alive. Steel cables were laid to the hull and the submarine, 140 feet in length, was lifted.

As for the poisoning, it is considered possible the submarine went to the bottom on an uneven keel, which caused the sulphuric acid in the electric batteries to pour out. The water tight compartments permitted slight infiltrations of sea water and this, mixing with the acid, produced poisonous chlorine fumes.

**OTHER DISASTER RECALLED**

The sinking of the F-14 with its crew was the greatest disaster suffered by the Italian submarine force since August, 1925, when the Sebastiano Veniero disappeared with its crew of fifty men during naval manoeuvres off Sicily and never was found.

## Wheat Harvested In South Saskatchewan

Moose Jaw, Aug. 8.—P. L. Foster, whose farm is ten miles south of here, is cutting wheat to-day, having started yesterday. The crop was sown May 6. Between Moose Jaw and Estero Beach cutting of barley is in full swing, and before the end of the week many binders will be in the wheat fields. The crops look very fine and the farmers are expecting large yields.

## Settlement Ends Big Paper Suits

Montreal, Aug. 8.—It is announced that as a result of negotiations held in Montreal, a settlement has been reached of the outstanding differences between the Hearst group of newspapers and the newspaper manufacturers associated with the Canadian Paper Sales Limited. The various suits pending before courts in the United States and Canada have been withdrawn. They involved money claims totaling a large sum.

## B.C. CRICKETERS LEAD IN SERIES

Winnipeg, Aug. 8.—British Columbia was well on the road to-day toward another Western Canada cricket championship. With two victories already to their credit, the Pacific Coast players maintained their batting form against Alberta to-day and at the lunch hour had piled up 140 runs for the loss of three wickets.

In the other match, Saskatchewan failed to solve the deliveries of the Manitoba bowlers. At the lunch interval Saskatchewan had lost nine wickets for 98 runs.

Sparks was the outstanding performer for British Columbia, batting skilfully for a total of 64 runs. Women also were in form, getting at least 50 runs, not one, had accumulated 21.

# STOCK MARKETS — FINANCIAL NEWS — GRAIN MARKETS

## TO-DAY'S GRAIN MARKETS

(By Branson, Brown & Co. Ltd.)  
 Winnipeg, Aug. 8.—The wheat market was very heavy again to-day and on the extreme break prices were three cents under the previous close and more than one cent through the daily bids. Trade volume was not particularly large but there was plenty of wheat for sale at times, especially on the slight rallies. One large export house with continental connections was fairly good buyers on scale down and but for this buying the market would have probably broken sharply lower, as the only other support was some profit taking by shorts and a little buying against the bids.

There was again the usual budget of bearish crop news, the weather over Spring wheat territory both sides of the international border continuing very favorable. Harvesting south of the life is in full swing and is just about to commence in Canada, the largest wheat crop in record waiting to be cut in this country, which well-informed circles estimate at around 600,000,000 bushels. It is generally understood that elevator companies have not to date hedged a single bushel of new crop wheat, and what supplies are in the pits is old wheat put out by the pool before they made their last payment to their members, and they are still selling moderately each day. There is also a fairly good short interest existing but there appears to be nothing in sight to disturb this interest and cause any material short covering. Prices are expected to sink considerably lower if the present conditions continue for a few days longer.

## THE GREEKS

The Phoenicians, in their turn, had to yield mastery of the waves to another nation—the Greeks. Charles Kingsley thus describes the building of the famous Argo which carried Jason and his heroes in search of the Golden Fleece: "Then they felled the pines on Pelion and shaped them with the ax, and Argus taught them to build a galley, the first long ship that ever sailed the seas."

Then Jason and Orpheus, the sweet singer, nailed a bough from the holy oak of Zeus on the Argo. But when they tried to launch their vessel her keel sank in the sand.

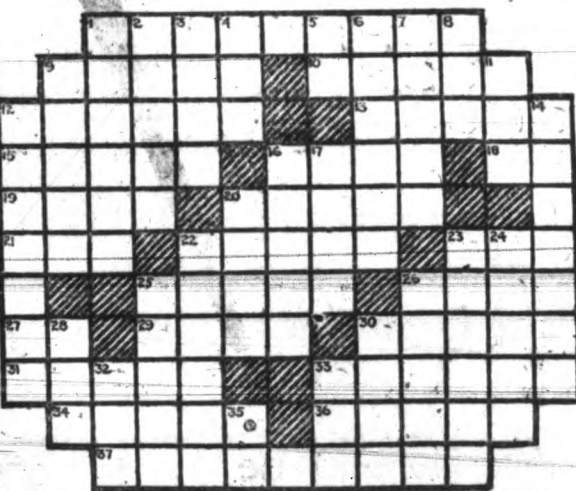

Orpheus sang his magic song of the sea of "new towns and wondrous lands, treasures and undying fame." The Argo heaved and strained to be away.

"She stirred in every timber," writes Kingsley, "and heaved from stem to stern, and leaped up from the sand upon the rollers and plunged onward like a galant horse and the heroes fed her path with pine trunks, till she rushed into the whispering sea." Orpheus' song put into the words the lure of the sea that enthralls the men who sail the waves.

## To-morrow's Horoscope

THURSDAY, AUGUST 9, 1928

Astrologers read this as rather an unfavorable day in planetary govern-

ment, for many stars are in adverse aspect. There is warning in the stars against accidents. There may be a serious disaster early in the Autumn. While this configuration prevails talkative persons may learn that silence is golden through some sort of a snub or rebuke.

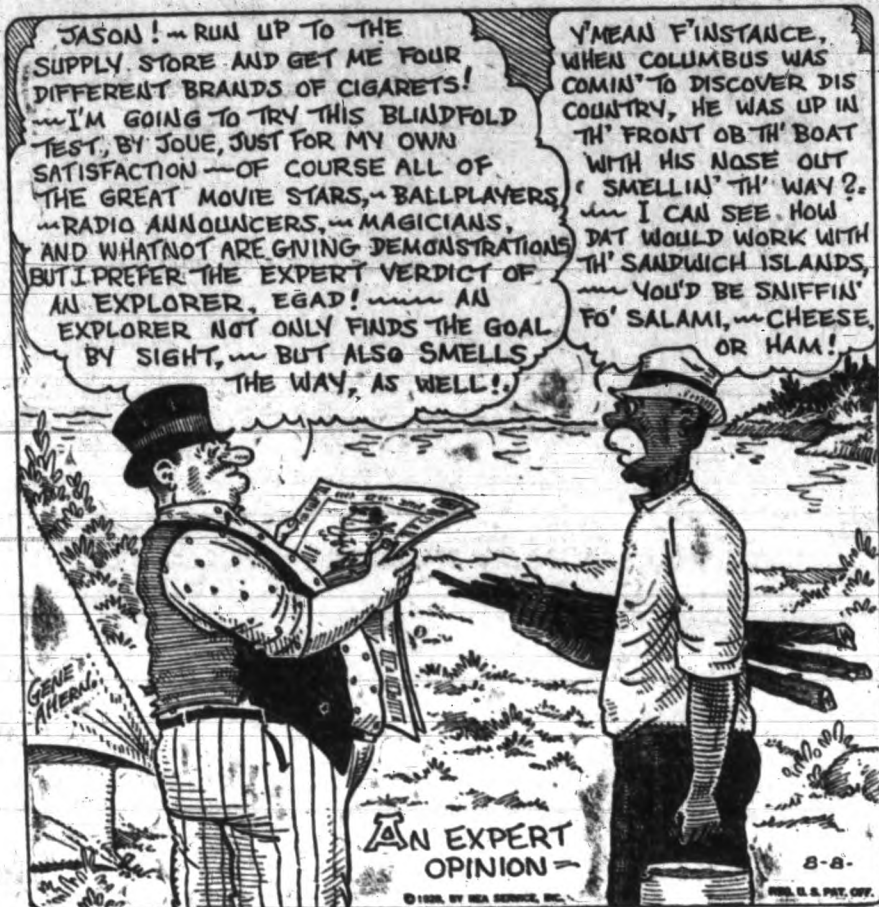

Contracts and leases may be signed to-day with a fair possibility that they will prove satisfactory. Women should be extremely cautious to-day, for they may be easily deceived in either love or business. Weddings solemnized to-day may preface a partnership in which there is a lack of frankness and understand-

ing. Honesty is the best policy in even small domestic affairs. Persons interested in oil should take note that Neptune frowns to-day warning against speculation. There is an aspect supposed to indicate quarrels and dissensions regarding the domain of Neptune, which includes beverages of all sorts.

All the planetary conditions indicate tremendous expenditure of physical energy through the spoken word, which may not be always effective. Children born on this day may be headstrong and hard to manage, but they have in all probability great potential talent. They may have in addition to the power in gain all that

they desire a decided spiritual endowment. Persons whose birthdate it is should beware of impulsive or emotional decisions. These subjects of Leo are often too stubborn for their own good, but they have extraordinary possibilities of success all through their lives. (Copyright, 1928)

## WORLD-WIDE POPULARITY ON SUMMER MORNINGS!

**GRAPE-NUTS** is a favorite the whole world round. It's so light, so crisp, so cool, so temptingly delicious—and it's ready to eat from the package.

Grape-Nuts is sold in more parts of the world than any other breakfast food. Its supreme deliciousness has been a favorite of two generations from childhood upwards, despite the coming and going of almost numberless other breakfast foods.

Grape-Nuts has earned this year-in, year-out popularity by its wonderful flavor, and its unique health qualities. It is almost instantly digested. And because it is made from whole wheat and malted barley, Grape-Nuts gives your body these five essential elements of nutrition: dextrins, maltose and other carbohydrates for energy; iron to enrich the blood; phosphorus for teeth and bone; protein for muscle and body-building; and the important vitamin-B. Enjoy this glorious summer food in your home. Four teaspoonfuls, costing less than one cent, is a sufficient helping. Serve with milk or cream. Your grocer sells it.

## BRILLIANCY MARKED WORK OF BANDSMEN

Royal Air Force Band Plays Before Appreciative Audiences at Arena

Within the last few years Victoria, in common with other cities of the Dominion, has been privileged to hear some of the crack regimental bands of the British army. While these have included such veteran organizations as the Scots Guards and Coldstream Guards, whose perfect ensemble work might be said to represent the ripened harvest of years of training at the Arena yesterday two audiences had the opportunity of hearing one of the youngest of the Imperial army bands, that of the Royal Air Force, and found that even in its brief period of existence it had attained the perfection of balance which seems a concomitant of British military bands.

Last night's programme ably demonstrated the brilliant ensemble and individual work of these army bandsmen, and the effects obtained by Lieut. John Amers, M.B.E., the bandmaster, were superb. The programme was a happy combination of the classical and the popular, opening with Verdi's beautiful overture "La Forza del Destino" and the Nevada's paraphrase of "Lorelei," which so appealed to the audience that "The Parade of the Wooden Soldiers" from Chausse's "Souris" was given in response to the insistent demands for an encore.

Beautiful tone and clever effects, not the least effective being the singing of the bandmen, marked the highly descriptive "In a Monastery Garden" (Kefelbey), which the band was obliged to repeat, and Donizetti's "L'Espresso" to which the band played as an encore the sprightly "Doll Dance." Massenet's "Scenes Neapolitaines," which closed the first half of the programme, brought the woodwinds into prominence in a series of brilliant runs, dexterously played.

In the second half of the programme Middleton's potpourri of English songs and dances, "The Rose," proved so popular that the spirited "High Patrol" was given as an encore. Godard's old favorite, "Berceuse de Jocelyn," brought into prominence Musciclaire A. Treadwell, whose cornet solo was noteworthy for its delicate shading and suave tone, and as an encore he played "Absent."

"Reminiscences of Offenbach," arranged by Winterbottom and Abt's "Good Night" completed a delightful and satisfying programme, the whole of which elicited the warmest applause of the large audience.

### VARIETY SHOWING FEATURE PICTURE OF GREAT FIGHT

Watching the Tunney-Heene fight film at the Variety Theatre one realizes the remarkable achievement of modern motion photography in bringing to an audience, thousands of miles away, a breathless epic in which one sees round by round of the greatest ring fight of modern times. It is difficult to know which to most admire, the skill of Tunney, or the courage of Heene. The tenth and eleventh rounds, in which Tunney overcame and defeated his contender, are shown largely in "slow motion" photography.

### BILLIE DOVE IN LEADING ROLE ON PLAYHOUSE SCREEN

Versatility is the main asset of any successful screen player. That talent is possessed to a marked degree by Grace Darmond, playing a prominent role in the Universal-Jewel, "The Marriage Clause," now showing at the Playhouse Theatre. In this picture, Miss Darmond is playing the role of the "heavy," the first time she has ever attempted this type of work. That her selection to play this role, by the director, Lois Weber, was a happy one, is amply proven by the approval given Miss Darmond by the most critical of audiences. The leading roles are portrayed by Francis X. Bushman and Billie Dove and in the cast are seen Warner Oland, Henri LaGarde, Andre Cheron, Charles Meakin, Robert Dudley and others.
